FAMOUS NO. 9 GUN BORE CLEANER
Hoppe’s® No. 9™ remains the most widely used remover of powder, lead, metal fouling and rust.
- Formula penetrates deep and rapidly.
- Ultra-effective, safe and easy to use.
- A worldwide favorite since 1903.
- Child-proof cap.

- 2 oz. Bottle 902
- 5 oz. Bottle 904
- 5 oz. Bottle in Clamshell 904B
- 2 oz. Aerosol 905
- Pint 916
- Quart 932

BLAST & SHINE™
A high-performance grease remover that blasts away oils and grease deposits from all gunmetal parts.
- Clean actions without disassembly.
- Dries in seconds, leaving metal surfaces clean.
- Environmentally friendly – contains no CFCs or carcinogens.

- 11 oz. Aerosol CD1

NO. 9 AIR FRESHENER
The scent that’s carved its way into our sporting psyches through deer camps, dens and hunting lodges of America for more than 107 years can now go anywhere you do.
- Concentrated scent true to Hoppe’s No. 9 formula.
- Hang it in your home, office or vehicle.

- 3 Pack H9AF3

HOPPE’S TRADITIONAL
In 1903, Frank August Hoppe mixed nine chemicals and created the world’s most effective gun cleaner. As a well-trained young soldier, Frank knew that gun care went far beyond just a clean rifle, but actually helped to ensure his safety while on the front lines of battle. Since that time, Hoppe’s® has emerged as the leading gun care company, having grown alongside hunters, shooters, and soldiers who depend on their firearms every day. It has remained the most trusted name in gun care by advancing and evolving technologies to meet those needs.

HOPPE’S FOAMING BORE CLEANER
Quickly and effortlessly dissolves and removes copper and powder residue. Its superior cleaning formula does the work for you, no brushing or other mechanical cleaning necessary. Orange foam will turn blue indicating copper removal or black indicating powder removal.
- One-Step.
- No Harsh Scrubbing.
- Color Change Effectiveness Indicator.

- 3 oz. Bottle 907
- 12 oz. Bottle 908

BENCH REST® 9 COPPER GUN BORE CLEANER
With this powerful gun bore cleaner, copper fouling can be cleaned from the bore overnight, instead of the standard 3 to 4 days it takes with other makes.
- Safe, effective and contains no abrasives.
- Also great for removing powder, lead and plastic from all firearms.

- 5 oz. Bottle BR904
- 5 oz. Bottle Clamshell BR904B
- Pint BR916

NO. 9 BLACK POWDER
Formulated for black powder shooters, Hoppe’s No. 9 Black Powder Gun Bore Cleaner is both a powder remover and patch lubricant.
- Lubricates as it cleans fouling from the bore.
- Protects against rust and corrosion.
- Equally effective for deep or shallow-grooved barrels.

- 8 oz. Plastic Bottle 999

THE STANDARD FOR MORE THAN A CENTURY.
SLICK DEVELOPMENTS
FROM YOUR GUN CARE LEADER.

LUBRICATING OIL
- High-viscosity oil refined to perfection.
- Extra-long lasting.
- Pump or Aerosol available.

LUBRICATING GUN OIL FIELD WIPES
- Drives out moisture, lubricates and prevents rust.
- Thick cloth construction.
- Packaged in a convenient finger grip container.
- 50 - 3/4” x 5/4” towelettes.

LARGE LUBRICATING GUN OIL FIELD WIPES
- Lubricating gun oil wipes perfect for field applications.
- Drives out moisture and reduces rust.
- Wipes lubricant, leaving thin layer of oil.
- Each wipe is 6” x 7”.

BENCH REST LUBRICATING OIL WITH WEATHERGUARD
A proven winner for all hunters. Use before and after hunting trips to provide moisture and rust protection. Unlike conventional lubricating oil, Hoppes® Bench Rest Lubricating Oil with Weatherguard contains a moisture-fighting agent that drives moisture out while lubricating your firearm.

GUN GREASE
- Specifically formulated to protect idle firearms.
- Lubricates moving parts and protects them from corrosion.
- Displaces metal “sweat” when applied to bore and exterior.
- Provides long-term protection when cleaning is delayed.

MOISTURE DISPLACING LUBRICANT
- Drives out moisture while it cleans, lubricates, protects and prevents corrosion on metal surfaces.
- Ideal for immediate after-use protection of guns and equipment.
- Prevents damage from moisture, salt and friction.

DRI-LUBE
- Reduces friction on metal and bearing surfaces without sticky oils or silicones.
- Doesn’t attract dust.
- Evaporates in seconds, leaving a dry lubricating film.
HIGH-PERFORMANCE GUNCARE FOR MODERN FIREARMS.

HOPPE'S BLACK

High-performance firearms deserve high-performance protection, and Hoppe’s® Black delivers. Hoppe’s® Black uses a formula designed for MSR’s and other high round count firearms, but will work with any firearm. Designed to withstand a wide range of temps from -65°F to 540°F – it will prepare your firearm for any situation. Hoppe’s Black is comprised of a Gun Cleaner, Precision Oil, Copper Cleaner, Grease Syringe and Lubricating Cloth.

HOPPE'S BLACK GUN CLEANER
Superior cleaning formula engineered for modern firearms, designed for cleaning high carbon levels.

HOPPE'S BLACK COPPER CLEANER
Superior cleaning formula engineered for modern firearms.

HOPPE'S BLACK GREASE SYRINGE
Synthetic polymer formula, temperature range: -65°F to 540°F.

HOPPE'S BLACK LUBRICANT CLOTH
Cloth sprayed with Hoppe’s Black Lubricant, packaged in a re-sealable bag.

HOPPE'S BLACK GUN OIL
Designed specifically for high heat, with a temperature range of -65°F to 540°F. Includes rust inhibitors.
HOPPE’S GUN MEDIC CLEANER & LUBE - QUICK FIX

The unrivaled Gun Medic “All-in-One” formula cleans the actions of firearms and leaves behind a thin layer of high performance lubrication, protecting against the most punishing corrosion.

- Great for a quick clean when you don’t have time for the deep clean.
- Cleanses and lubricates in one step.
- Cleanser evaporates in 60 seconds.
- Leaves an extremely thin layer of lube.
- Lubricant utilizes the same technology used in jet propulsion engines.
- Cold/Heat resistant -65°F to 500°F.
- Bio-Based formula.

10 oz. Aerosol GM2
4 oz. Aerosol GM3

HOPPE’S GUN MEDIC CLEANER

The Gun Medic cleansing formula quickly cleans the actions of firearms. Great for a quick clean when you don’t have time for the deep clean.

- Cleanser evaporates in 60 seconds.
- Follow up with Gun Medic Lube.
- Bio-Based formula.

10 oz. Aerosol GM1

HOPPE’S GUN MEDIC LUBE

The Gun Medic lubricant utilizes the same technology used in jet propulsion engines. This technologically-advanced lube coats your firearm with a micro-thin layer of lube to defend against wear and moisture.

- Recommended to use Gun Medic Cleaner before application.
- Highly concentrated, just a little is all you need.
- Cold/Heat resistant -65°F to 500°F.
- Bio-Based formula.

2 oz. Bottle GM4

THE ULTIMATE QUICK FIX.

HOPPE’S GUN MEDIC®

Unjam firearms in seconds, not minutes. Hoppes® Gun Medic™ is a bio-based formula designed to cut through grime and fouling to quickly resuscitate malfunctioning firearms. Gun Medic™ Action Cleaner chews through buildup with just a quick spray. Gun Medic™ Lube is highly concentrated, and works in temperatures ranging from -65°F to 500°F. Gun Medic™ Cleaner and Lube does it all, reviving dirty firearms with an “all-in-one” formula that removes grime and protects against the most punishing corrosion.
HOPPE’S ELITE® GUN CLEANER
Elite Gun Cleaner not only penetrates down to the steel’s molecular pores while cleaning carbon, copper and lead fouling, but it also conditions the metal to repel future fouling. Hoppes’ Elite reduces your cleaning time by up to 80%. Available in a 4 oz. aerosol with spray nozzle and spray stick.

COMPARISON SHOWS HOW HOPPE’S ELITE CLEANS DOWN TO THE PORES

Carbon rings left behind by ordinary gun cleaner.

Spotless cleaning with Hoppes’ Elite Gun Cleaner.

HOPPE’S ELITE FOAMING GUN CLEANER
Now get the excellent bore cleaning action of Hoppes’ Elite in a foaming cleaner.

- Deep-cleaning, spray-on foam.
- Penetrates deep into the bore, removing carbon and fouling better than ordinary cleaners.
- Low odor, non-flammable.
- Ideal for black powder shooters.

HOPPE’S ELITE COPPER TERMINATOR
Quickly dissolves welded copper fouling from bore steel without the use of ammonia. Can be used alone or as a powerful systems approach with Hoppes’ Elite Gun Cleaner by removing layers of carbon build up allowing for more rapid copper etching. Does not leave ammonia-type crystals that can attract water causing corrosion and microscopic stress fractures.

- Works up to 4 times faster than standard copper removers.
- System approach conditions bore for less copper build up.
- Ammonia free and low odor.
- Safe on bore steel.
- Non-flammable.

HOW HOPPE’S ELITE COPPER TERMINATOR WORKS:
Here the surface carbon and copper fouling have been removed by Hoppes’ Elite Gun Cleaner exposing the “welded” copper attached to the bore. Hoppes’ Elite Copper Terminator is needed to dissolve or etch the welded copper from the bore steel. Removal of the carbon allows for the copper cutter to “attack” from all angles. Cutting of copper from above and below makes for maximum removal time and speedier cleanings.

HOPPE’S ELITE®
The Hoppe’s ELITE® cleaning line was designed with the avid hunter and shooter in mind. A complete departure from our traditional Hoppe’s No. 9 bore cleaner, this high-tech, low odor technology outperforms the standard cleaners and oils on the shelf today.

Take it to the next level – the ELITE level.
HOPPE’S ELITE GUN TUNE-UP KIT

Contains advanced cleaning and conditioning products to optimize firearm performance and renew the appearance of old and new firearms. Includes 2 oz. bottles of Hoppe’s Elite Gun Cleaner, Copper Terminator, Gun Oil and Foaming Gun Cleaner.

KIT EGCOTG

HOPPE’S ELITE GUN OIL

Uses a thin-coat technology, spreading gun oil evenly in a micro-fine layer. This provides superior lubrication and corrosion protection. Traditional oils tend to puddle, not fully coating or protecting the firearm, leaving it vulnerable to rust and potential malfunction. Hoppe’s Elite Gun Oil’s exceptional coating technology provides effective, long-lasting protection for your firearm.

HOPPE’S ELITE GUN KIT ON THE GO

Designed with the needs of the avid hunter and shooter in mind, this new Hoppe’s Elite Cleaning Kit contains all the products and tools needed to clean and maintain firearms, including our Hoppe’s Elite Gun Cleaner and Gun Oil w/ T3. Our innovative field packs offer the Elite outstanding cleaning and lubrication in single use applications – easy to carry and won’t leak. A complete departure from the traditional Hoppe’s No. 9 solvent, this advanced high-tech performance technology outperforms the standard cleaners and oils on the shelf today. Take it to the next level – the ELITE level. This kit includes the following:

- 4 oz. Hoppe’s Elite Gun Cleaner.
- 2 oz. Hoppe’s Elite Gun Oil with T3.
- 4 Hoppe’s Elite Gun Cleaner Field Packs (.75ml each).
- 4 Hoppe’s Elite Gun Oil with T3 Field Packs (.25ml each).
- 50 2½” Square Cleaning Patches (.38 - .45 Caliber).
- 1 Uni-Free Gun Cloth.
- 1 Multi-Section Cleaning Rod with Folding Handle.
- 5 Assorted Bore Brushes.
  - Small - .22, .223 Caliber
  - Medium - .30, .30-06, .300 Mag
  - Larger - .45, .410 Shotgun
- 12 Gauge Shotgun
- 12 Gauge Shotgun
- 1 Utility Brush.
- 1 Shotgun Brush Adapter.
- 1 .22 Caliber Loop.
- 1 Foam Gun Pad.
- 1 Lockable Gun Case.

**BORESNAKE®**

Hoppé’s innovative technology eliminates the need for cleaning, brushing, and swabbing. Boresnake is inserted into the firearm, pulled through, and then reused for years or generations. The new Boresnake Den includes a T-handle for easier pull-through of the firearm and a reusable carrying case that protects the Boresnake during transport. A one-pass solution, Boresnake uses an integrated bronze brush to scrub out carbon fouling while the tail clears the barrel of loose debris with a surface area 160x larger than a standard patch. Boresnake Den is better than ever.

**NEW!**

- New Boresnake Den Case & T-Handle
- Everything you love about the Boresnake plus better cleaning and superior strength.
- Brass weight on the pull cord is laser etched with size.
- Patented bores guide on the leading end.
- Nylon cord attached directly to the bronze scrubbing brush.

---

**HOPPE’S BORESNAKE® CLP**

Hoppé’s first CLP is an effective one-step cleaner, lubricant and rust preventative intended for use in all pistol, rifle and shotgun models. Designed to break down and remove carbon, lead and powder fouling, the corrosion inhibitors prevent rust from forming, leaving behind a lasting coat of protection. Hoppé’s new CLP also provides total protection when used in combination with a Hoppé’s Boresnake. Apply Hoppé’s CLP to the head of the Boresnake prior to use to clean, protect and coat the interior of your bore for year-round protection.

---

**THE ORIGINAL BORESNAKE - NOW WITH BORESNAKE DEN CASE & T-HANDLE**

The original, fastest bore cleaner on the planet now includes an enhancement to the fastest bore cleaner on the planet. BoreSnake Den is a convenient carrying case with an integrated pull handle for quicker, more efficient use. BoreSnake CLP is Hoppé’s first all-in-one, cleaner, lubricant and protectant. A few drops on the head of the Boresnake provides unparalleled gun care performance, in mere seconds.
HOPPE’S HAS THE TOOLS FOR THE JOB.

RANGE KIT WITH CLEANING MAT
- Advanced fold out cleaning mat for advanced cleaning and disassembly of firearms.
- Work surface is oil and solvent resistant.
- Universal kit includes brushes, swabs, patches and tools.
- Magnet in upper corner to keep small parts contained.

Kit includes:
- Range kit bag
- 23 ½” x 19 ½” Advanced Cleaning Mat (Folds to 10” x 11 ½”)
- Multi-Section Cleaning Rod
- Phosphor Bronze & Nylon Utility Brushes
- 223 Chamber Brush
- Phosphor Bronze Brushes (.22, 9mm, .40/.10mm, .30, .45)
- Patches
- Cleaning Picks

Advanced fold out cleaning mat for advanced cleaning and disassembly of firearms.
Work surface is oil and solvent resistant.
Universal kit includes brushes, swabs, patches and tools.
Magnet in upper corner to keep small parts contained.

GUN CLEANING ESSENTIAL KIT- UNIVERSAL
This 28-piece kit contains everything new and experienced shooters need to keep their firearm spotlessly clean. Components for keeping pistols, rifles and shotguns are contained in the handsome carrying case.

Kit includes:
- Storage Box/Case
- Component insert
- Cleaning Mat
- Aluminum rod w/T handle
- .22 Handgun Bronze Brush
- .38 Handgun Bronze Brush
- 9mm Handgun Bronze Brush
- .44/.45 Handgun Bronze Brush
- .22/.270 Swab
- .35/.375 Swab
- .40/.45 Swab
- 22 to .270 Patches
- .38 to .45 Patches
- .22 Knob End
- .30 Knob End
- .38 Pistol Knob End
- .44/.45 Pistol Knob End
- .223 Chamber Brush
- Phosphor Bronze Brushes (.22, 9mm, .40/10mm, .30, .45)
- Patches
- Cleaning Picks
- Hoppe’s No 9 Bore Cleaner 2 oz.
- Hoppe’s Lubricating Oil 2.25 oz
- Silicone Gun Cloth
- How to Clean Your Gun Booklet

GUN CLEANING ESSENTIAL KIT- PISTOL
Wondering how to keep that new pistol clean? Look no further than this 23-piece kit, which contains the essential elements to keep pistols of all calibers clean and oiled.

Kit includes:
- Storage Box/Case
- Component Insert
- Cleaning Mat
- Aluminum rod w/T handle
- .22 Handgun Bronze Brush
- .38 Handgun Bronze Brush
- 9mm Handgun Bronze Brush
- .44/.45 Handgun Bronze Brush

- .38 Pistol Knob End
- .44/.45 Pistol Knob End
- 16-12 Gauge Slotted Jag
- Nylon Brush
- Hoppe’s No 9 Bore Cleaner 2 oz
- Hoppe’s Lubricating Oil 2.25 oz
- Silicone Gun Cloth
- How to Clean Your Gun Booklet

DELUXE GUN CLEANING KIT
An extremely versatile kit packed in a heavy-duty presentation box featuring a dark stain and strong finger joints (14 ¼” L x 5 ½” W x 2 ¼” H).

Kit includes:
- Hoppe’s No. 9 Gun Bore Cleaner
- Lubricating oil, patches
- Three-piece brass rod
- Four slotted ends
- Five phosphor bronze brushes to fit .22 and .30 caliber rifles, .38 caliber pistols, and 20 and 12 gauge shotguns
- Rifle/shotgun and pistol adapter
- Silicone cleaning cloth
- Hoppe’s “Guide to Gun Care” booklet

CLEANING KITS
HOPPE’S LEGEND CLEANING KITS

These kits capture the essence of the legendary Hoppe’s brand with a selection of our most popular gun cleaning products. Each Legend Kit comes in its own reusable box and includes:

- 2 oz. Hoppe’s No. 9 Gun Bore Cleaner
- 4 oz. Hoppe’s Aerosol Lubricating Oil
- Long-lasting nylon brush
- Cleaning patches
- Three-piece aluminum rod with all accessories
- Brushes

AIR PISTOL & AIR RIFLE MAINTENANCE KIT

Everything you need to clean and maintain all air pistols, air rifles, BB and pellet guns. Packaged for pegboard hanging or self-standing display.

- Three-piece steel rod with looped handle
- Lubricating oil
- Brass knob end
- 17 caliber brush
- Cleaning patches
- Hoppe’s “Guide to Gun Care” booklet

1.2.3. DONE! KITS

Cleaning a firearm has never been faster or easier. Hoppe’s 1.2.3. Done! cleaning kits contain everything needed to cleanse and protect a firearm in three simple steps. Available in eight common calibers, each kit contains Hoppe’s legendary No. 9 Gun Bore Cleaner along with the fastest bore cleaning tool on the planet—Hoppe’s patented BoreSnake. It also includes a bottle of lubricating oil and easy-to-understand photo directions. Swab the barrel, add a few drops of Hoppe’s No. 9 Lubricating Oil and the gun is ready for storage. It really is as easy as 1-2-3.

- Contains everything you need to clean a bore in three simple steps
- High-viscosity lubricating oil refined to perfection so it won’t gum action
- Legendary No. 9 penetrates quickly and deeply
- Caliber-specific BoreSnake offers 160x more surface than standard patches
- Easy to understand photo directions on packaging

HOPPE’S CLEANING KITS FOR EVERY HUNTER AND SHOOTER.

More than 100 years in the gun care business has taught us a thing or two about what makes a good kit. It’s precisely why hunters, shooters and those in search of the perfect gift continually turn to Hoppe’s. Our kits aren’t just convenient; they’re extremely well thought out.

Hoppe’s Cleaning Kits include:
- 2 oz. Hoppe’s No. 9 Gun Bore Cleaner.
- 2 ¼ oz. Hoppe’s Lubricating Oil.
- Die-cut patches for an absorbent surface with deep cleaning.
- Slotted ends and adapters, where appropriate.
- Aluminum cleaning rods, unless otherwise noted.

PISTOL & RIFLE CLEANING KITS WITH ALUMINUM ROD

Includes a brush to fit your specific caliber.

PREMIUM CLEANING KIT

- Includes three, three-piece rods with handle assemblies for 17 caliber, .22-caliber rifles and up, and shotguns.
- 10 phosphor bronze brushes for 12, 20 and 28 ga., .410 bore, .44/45, .38, .30, .40/10mm, .22 and 17 calibers.
- Six swabs for 12, 20 and 28 ga., .410 bore, 280/32 and 22/270 calibers.
- Nine jags for calibers: .17/20, .22/243/6mm, .25-06mm, .270-7mm, .30-8mm, .375-.40, .416 to .44, .45, .338 to 9mm.
- Four slotted ends to fit most calibers.
- Three utility brushes: nylon, phosphor bronze and stainless steel.
- Two round receiver brushes for .45 caliber and 12 gauge.
- Shotgun and pistol adaptable.

UNIVERSAL GUN CLEANING ACCESSORY KIT

- Three-piece universal cleaning rod.
- Eight phosphor bronze brushes to fit .22, .270/7mm, .30, .357/9mm, .40/10mm and .44/45 calibers, along with 12 ga. and 20 ga.
- Five swabs for 12 ga. and 20 ga., plus .35/38, .22/270, .40/45 calibers.
- Four slotted ends to fit .410 bore to 20 ga., 16 and 12 ga., .22 caliber and .22 calibers.
- Shotgun and pistol adaptable.

DELUXE GUN CLEANING ACCESSORY KIT

- Three-piece universal brass cleaning rod.
- Eight phosphor bronze brushes to fit .22, .270/7mm, .30, .357/9mm, .40/10mm and .44/45 calibers, along with 12 ga. and 20 ga.
- Six swabs for 12 ga. and 20 ga., plus .35/38, .22/270, 280/32, and .40/45 calibers.
- Four slotted ends to fit .410 bore to 20 ga., 16 and 12 ga., .30 caliber and .22 caliber.
- Four knob ends for .22, 30, 38 and .44/45 calibers.
- Shotgun and pistol adaptable.
THE MOST COST EFFICIENT WAY TO OWN A PREMIUM ROD FOR EVERY GUN.

HOPPE'S STAINLESS STEEL CLEANING ROD

Stay straight and true when cleaning your guns with Hoppe's® all one-piece Stainless Steel Cleaning Rod. Specially designed to withstand tough scrubbing, these rods provide the ultimate in durability and performance. The handle is ergonomically designed with double ball bearings to assure complete bore coverage. Rods include a brass muzzle guard. Comes in 8" or 36" in length, this stainless steel rod is the ultimate handgun or rifle cleaning tool when paired with Hoppe's® bore brushes, mops and patches.
- One piece rods.
- Advanced quality for better cleaning.
- Ergonomic handle.
- Premium double ball bearings.

HOPPE'S CLEANING RODS

All Hoppe's Gun Cleaning Rods have a ball bearing swivel handle to follow the bore's rifling. Choose from one-piece, three-piece or four-piece rods. All are packaged in a reusable pouch.

PISTOL SETS - KNOB & SLOTTED ENDS
- All calibres, aluminium
- RS22 .22 caliber, aluminium
- SGU All gauges, Aluminium

SHOOTER SET (THREE PIECES) SLOTTED ENDS
- All gauges, aluminium

9-PIECE PISTOL CLEANING KIT

Great compact cleaning kit for the bench or field. Includes .22, .357, 40 and .45 calibre brushes, brass slotted end, 2-piece brass rod, convenient storage case/handle.

BRASS CLEANING RODS

- Stainless Steel Brush for aggressive cleaning of non-blued surfaces.
- Phosphor Bronze Brush for blued metals: actions, receivers, barrels.
- Nylon Brush for delicate parts and wood surfaces; great for checking and other carved areas.

GUN CLEANING BRUSHES

- Pinpointed picks for hard to reach areas.
- Different heads for precision cleaning.
- Will not scratch firearms finish.
- Set of 4 picks.

CANadian T54

UNIVERSAL BORE GUIDE

- Keeps solvents from dripping into action and prevents excessive cleaning rod contact with the rifling that lands closed to the chamber.
- Three interchangeable chamber tips to fit .17 to .416 caliber.
- Aluminium alloy collar fits .459/7.000" (17.65mm/17.78mm) diameter bolt actions of any action length.
- Threaded brass pin locks the guide into the action in place of the bolt to allow proper cleaning from the breech.

9-PIECE PISTOL CLEANING KIT

Great compact cleaning kit for the bench or field. Includes .22, .357, 40 and .45 calibre brushes, brass slotted end, 2-piece brass rod, convenient storage case/handle.

BRASS CLEANING PICKS AND BRUSH SET

- Pinpointed picks for hard to reach areas.
- Different heads for precision cleaning.
- Utility brush for trigger mechanisms and action areas.
- Different heads for precision cleaning.

GUN CLEANING SWABS

For the CANadian market.

50 count T64

100 count T67
CHAMBER BRUSHES

- Long-lasting durability. Bristles return to their original shape.

- Thorough, multi-directional scrubbing action.

NYLON BRUSHES

- Thorough, multi-directional scrubbing action. Bristles return to their original shape.
- Long-lasting durability.

PHOSPHOR BRONZE BRUSHES

- Stout bristles for efficient cleaning.
- Most effective on lead.

TORNOADO BRUSHES

- Known as "The Gunsmith's Brush." It has a special spiral-wound design that's highly effective at removing fouling, yet won't damage your riffling.
- Stainless steel loops eliminate any bristle ends that could leave scratches.

CLEANING SWABS

- Soft and washable.
- Gentle, yet effective.
- Available for all gauges and most rifle calibers.

CONVERSION ADAPTERS

- Permits interchangeability with non-standard size threads.

PATCHES

- Bulk or small quantity available.
- Ultra-absorbent.
- Pre-cut caliber and gauges.

BORE LIGHT

- Now you can illuminate the bore entirely to expose nicks, scratches, pits and fouling.
- Great for safety checks and lighting hard-to-reach areas.
- Locking feature can keep light on for longer inspections.
- Indispensable for buyers of used firearms.
- Runs on two AAA batteries (not included).

UTILITY BRUSH

- Choose nylon or phosphor bronze bristles.
- Two bristled ends – one for large areas, the other for tight spots.
- Intense scrubbing without scratching.
- Extremely rugged design.
- Ideal for breeches and a myriad of other uses.
LEAD-B-GONE SKIN CLEANSING WIPES
- Removes up to 99.9 percent of metal contaminants with water rinse (soap and water only remove 72 percent).
- Saturated with gentle pH cleaner.
- Soft towels lift and trap lead and metal dust.
- Contains aloe skin moisturizers.
- Disposable.
- Not for use on firearms.

TREATED GUN CLEANING PATCHES
These easy to use patches are treated with an oil blend. Contains 120 pre-treated patches and packaged in a resealable foil pouch. Use them in the final stage of gun cleaning to lubricate and condition the bore.

WAX TREATED GUN CLOTH
- Pre-treated cloth cleans, polishes and protects in a single application.
- For a polished, professional finish on wooden stocks.
- Excellent for polishing gun barrels, hardware and most metals.

QUICK CLEAN RUST & LEAD REMOVER CLOTH
- Pre-treated, multi-purpose cloths.
- Remove rust and lead deposits without hard scrubbing.
- Non-abrasive and will not harm wood finishes.
- After shooting, wipe around action, chamber and muzzle for quick lead and carbon removal.
- Caution: Continued hard scrubbing may remove some blued finishes.

TRIPLE THREAT CLOTH
Hoppe’s Triple Threat Cloth cleans, shines and neutralizes odors. Made in the USA from 100% cotton flannel. Packaged in a resealable foil pouch. Remove cloth from bag, rub cloth on all exposed gun surfaces.

CLEANING CRADLE
It sets up in seconds and securely holds any long gun in its over-molded rubber saddles.
- Ideal for home, the range or on your tailgate in the field.
- Adjusts for length.
- Disassembles to fit in your range bag or cleaning kit.

GUN CLEANING PAD
Attractive hunter green pad protects firearms and working surfaces from scratches and spills.
- Soft acrylic material absorbs eight times its weight in fluids.
- Non-slip vinyl backing keeps it in place and prevents soak-through.
- 12” x 36” for rifles and shotguns.

SILICONE GUN AND REEL CLOTH
- Take it anywhere for fast maintenance in the field.
- Flannel cloth pre-treated with silicone lubricant.
- Removes fingerprints and potentially corrosive epidermal oils.
- Polishes and coats with a protective finish.

RANGE BAGS
A trip to the range involves a lot of gear, and Hoppe’s® new Range Bags can hold all of it. The bags come in three sizes, and include a handgun strap for safe and secure firearm transport. Each bag includes multiple pockets for storing cleaning supplies, ammunition and other accessories. The 600 Denier ripstop polyester construction is sturdy and can handle the wear and tear that come with multiple trips to the range.

SMALL
- 600-denier constructed with rip-stop polyester.
- Multiple compartments for ample space.
- Heavy duty zippers and handles.
- 18” x 10” x 9.75”

MEDIUM
- 600-denier constructed with rip-stop polyester.
- Multiple compartments for ample space.
- Heavy duty zippers and handles.
- 16.75” x 11” x 10.75”

LARGE
- 600-denier constructed with rip-stop polyester.
- Multiple compartments for ample space.
- Heavy duty zippers and handles.
- 24” x 15” x 10”

TRADITIONAL HOPPE’S No.9
- A world-wide favorite since 1903 and has the Hoppe’s scent
- Use as a deep clean on any firearm
- Will remove both carbon and some copper from barrels
- High viscosity oil

HOPPE’S GUN MEDIC
- A temporary fix to be used when you have a malfunctioning firearm
- High pressure aerosol breaks up carbon and unjams your action
- Alcohol carrier disperses and migrates lubrication
- Bio-based formula
- Hoppe’s recommends to perform deep clean on firearm after visiting the range or after a competition

HOPPE’S BLACK
- Formulated specifically for high volume firearms
- Lubricant designed to withstand extreme temperatures from -65°F to 540°F and includes rust prohibitors
- Suitable for use on any firearm for a full clean

NOW WITH BORESNAKE DEN CASE & T-HANDLE
The original, fastest bore cleaner on the planet has a new and improved home. The Boresnake now includes a T-handle for easier pull through of your firearm and a reusable carrying case that you can keep in your range bag or backpack to protect your Boresnake during transport. A one pass solution, Boresnake uses an integrated bronze brush to scrub out carbon fouling, while the tail clears the barrel of loose debris with a surface area 160x larger than a standard patch. The original Boresnake is back and better than ever.

Boresnake Den T-Handle Instructions
WARNING: Be sure firearm is unloaded before cleaning. Verify your gun bore is free of obstructions after use of this product and before firing. Use the Boresnake only on recommended calibers.

INSERT
Apply Hoppe’s No. 9 Bore Cleaner to the head of the Boresnake and Hoppe’s Lubricating Oil to the tail. If you are using Boresnake CLP, apply this to both the head and the tail of the Boresnake. Once cleaner and lubrication have been applied to the Boresnake, drop the weighted cord of the Boresnake through your bore from breach to muzzle.

ATTACH
Once the corded weight has been threaded through the barrel, place brass weight through the bottom of the T-handle, making sure the brass weight is secure in designated slot and the pull cord is strung through the notch at the bottom of the T-handle. Wrap any extra cord around handle to shorten the length of the pull cord, ensuring the handle does not come into contact with the end of the firearm barrel.

PULL
With the firearm secure, pull on Boresnake Den T-handle to pull Boresnake through bore, ensuring you are pulling the T-handle straight away from the end of the bore to provide even cleaning of bore. Once the Boresnake is clear of the bore, unwrap cord from handle and store Boresnake in the Den.
In 1903, Frank August Hoppe mixed nine chemicals and created the world's most effective gun cleaner. As a well-trained young soldier, Frank knew that gun care went far beyond just a clean rifle, but actually helped to ensure his safety while on the front lines of battle. Since that time, Hoppe's® has emerged as the leading gun care company, having grown along-side hunters, shooters, and soldiers who depend on their firearms every day. It has remained the most trusted name in gun care by advancing and evolving technologies to meet those needs. From the ever-popular and versatile No. 9® and the quick and easy BoreSnake®, to the marvel of efficiency we call Gun Medic™, Hoppe's is the only name you need to know for firearm cleaning and protection.

None genuine without this signature: Frank August Hoppe
